* If whole allergen test is positive, component testing will be done automatically as listed below														
Food Component Panels:														
EGGCP	LAB3555	Egg White, Ovalbumin, Ovomuroid												
MLKCP	LAB3558	Cows Milk, Casein, Alpha Lactalbumin, Beta Lactoglobulin												
PNUTCP	LAB3553	Peanut, ARA H1, H2, H3, H6, H8, H9,												
Panel Order Codes (See table for listings of tests in each panel)														
Standardized Regional Panels														
RSAL	LAB2259	Respiratory												
FALP	LAB2430	Food												
CHAL	LAB2151	Childhood												
Note: If the combination of Childhood Allergy Panel and Respiratory Allergy Panel are requested, order RSAL & ALADD to avoid duplication.														
ALADD	LAB2129	Non-duplicated tests: Codfish, Shrimp, Egg White, Milk, Soy, Peanut, Walnut, Wheat												
Note: If the combination of Childhood Allergy Panel and Food Allergy Panel are requested, order CHAL & FALADD to avoid duplication.														
FALADD	LAB2570	Non-duplicated tests: Scallop, Sesame, Hazelnut, Cashew, Almond, Salmon, Tuna												
Other Allergen Panels														
INAL	LAB2200	Indoor												
MOLDAL	LAB2225	Mold												
CRUSAL	LAB2157	Crustacean												
FISHAL	LAB2171	Fish												
MULLAL	LAB2230	Mollusk												
NUTS	LAB2236	Tree Nuts												
GRASS	LAB2179	Grasses												
VENAL	LAB2351	Insect Venoms
