Blood	Other Kits		Sohand	<ul style="list-style-type: none"> Patient presents with other kit. We will draw- routine processing, and package & send the kit. <p>*No kits requiring dry ice will be sent*</p>	If patient presents with other kits, they must have completed paperwork with billing information. Kit must contain an Airbill for Fedex or UPS.

Sohand – BMH to draw and send out. Patient must have kit unless these have been preapproved and kits are stored in Sendouts (S.O.). Results are sent to physician only and not BMH Laboratory.

Somis – Sendout testing that isn't going to Mayo, and we don't have a Sunquest order code. BMH Laboratory will get results and enter into Sunquest & scan into Epic. Sendouts often knows about these ahead of time and will create a 1x standing order.
